Greetings

Warm greetings from the Organizing Committee of the 33rd International Congress of Actuaries (ICA2026)!

We are excited to share with you that ICA2026 is set to take place in Tokyo, Japan at the Tokyo International Forum, marking the momentous 50th anniversary of the ICA held in Tokyo in 1976. Scheduled from November 8th to 13th 2026, this hybrid event is expected to bring together over 1,500 actuaries from around the world, converging in Tokyo to engage in dynamic discussions under the congress theme, “Tradition, Diversity, Innovation”.

Japan serves as a rich landscape for actuarial exploration, boasting an 80% life insurance enrollment rate, a universally participated national pension system, and facing challenges such as rapid population aging, frequent natural disasters, and global issues like climate change and pandemics.

Our chosen venue, the Tokyo International Forum, offers a vibrant setting for this global gathering. Tokyo, as the world’s largest city, not only provides a dynamic backdrop for professional discussions but also boasts a captivating blend of beautiful cityscapes, safety, efficient transportation, and delightful weather – especially in November, making it the perfect season to explore the city.

We invite you to consider this unique opportunity to support ICA2026 as a sponsor. By aligning your brand with this significant event, you will not only contribute to the success of the congress but also gain heightened recognition among actuaries worldwide.

Your sponsorship will play a crucial role in fostering discussions, promoting knowledge exchange, and creating lasting impressions for attendees. We sincerely hope that you share our vision and consider lending your support as a valued sponsor.

We would appreciate your time and consideration in exploring this exceptional opportunity and look forward to the possibility of collaborating with you to make ICA2026 a resounding success!
